## SATISFACTION GUARANTEED

We absolutely guarantee perfect satisfaction and if on receiving your order or if later you feel that you have not received full value in every way let us know and we will either refund your money or make other restitution. But remember no one is perfect and if you do not let us know and give us a chance to make it right you have no one to blame but yourself.

If it becomes necessary we reserve the right to change these prices but if they are advanced we will notify you before shipping. If sold out of the variety ordered unless you instruct us to the contrary we will substitute with the nearest we have.

We positively stand back of everything we put out to the amount of the purchase price but:—We give no warranty express or implied as to description, quality or productiveness of any seeds, plants or bulbs we sell and we will not be in any way responsible for the crop. If you do not accept them on these terms return them at once and get your money back.

CLAYTON E. RISLEY.

## VEGETABLE SEEDS

Many varieties of Vegetable Seed found in other catalogues are not listed in ours as we carry only those which have been tested in our soil and climate and found adapted to it. Many varieties which under some conditions are excellent in other places are practically worthless.
